Professional Summary

Computer Science graduate with internship experience and project-based practice in Java web development and database-driven applications. Knowledge of Core Java, JDBC, Servlets, JSP, Spring Core, Spring ORM, Hibernate, SQL, and MySQL, with exposure to Spring MVC and layered application architecture. Seeking an entry-level Java Full Stack Developer role to apply technical skills and contribute to software development projects.

Education

Bachelor of Engineering in Computer Science **2025**
Visvesvaraya Technological University (VTU), Belagavi : **95.5%**

Pre-University Course (PUC), Morarji Desai PU Science College, Kalli 2021
Percentage: 84.84%

SSLC, Morarji Desai Residential School, Yellapur 2019
Percentage: 84.48%

Technical Skills

Programming Languages	Java, SQL, JavaScript
Web Technologies	HTML5, CSS3, JSP, Servlets
Java Technologies	JDBC, Hibernate
Databases	MySQL
Tools	Git, GitHub, Eclipse
Intermediate Knowledge	Python, PostgreSQL, Spring MVC, React.js

Projects

E-Commerce Management System *Java, Spring MVC, Hibernate, MySQL | 2025*

- Developed a database-driven e-commerce application for managing products, customers, shopping cart, and orders.
- Used Spring MVC and Hibernate for application processing and database interaction with MySQL.
- Organized the application using a layered Controller–Service–DAO architecture.

Traffic Management System *Java, MySQL | 2023*

- Developed a Java-based application focused on improving traffic flow and road safety.
- Worked on traffic monitoring and automated traffic signal control functionality.
- Used MySQL for storing and managing application data.

Internship Experience

Java Full Stack Intern *TAP Academy, Bangalore | 2025*

- Gained hands-on experience in Java full-stack web development using Servlets, JSP, JDBC, and MySQL.
- Practiced server-side Java technologies for developing database-driven web applications.

Core Java and Web Development Intern *Fuel Technologies, Hubli | 2024*

- Gained practical exposure to Core Java and web application development.
- Practiced Java programming and database-driven web development concepts.

Java and Advanced Java Intern *Varcons Pvt. Ltd., Bangalore | 2022*

- Gained exposure to Java development, object-oriented programming, and software design concepts.

Training & Workshops

Full Stack Web Development Training

Training in Java, Hibernate, MySQL, and Spring technologies.

Be10x AI Tools Workshop

Exposure to ChatGPT, Claude AI, NotebookLM, Google AI Studio, and Google Stitch for AI-assisted coding, content creation, data analysis, and productivity.
